

STAN'S STUFF MAR '09

MY POLICY: I don't spend time or money on slick ads or fancy packaging, often I wrap in newspaper. Instead my energy goes into producing quality products – I won't make a kit I can't win with! Keep in mind that I am a hobbyist, not a business. Usually I don't have kits in stock, I assemble them to order. Sometimes I am pretty fast, but life can slow me down occasionally and you might need to be patient.

SEND ORDERS TO: Stan Buddenbohm
PO Box 1177
Boulevard, Ca 91905

Stan Buddenbohm
PO Box 2381
Costa Mesa Ca 92628-2381

Please be very clear when ordering

SHIPPING OUTSIDE USA: \$25 for up to 2 kits

PAYMENT USA: Cash is best, Postal Money Order is good, Check is OK

PAYMENT OUTSIDE USA: USA cash or Postal Money Order only

POP-UP TAILBOOM FUSELAGES FOR CATAPULT GLIDERS: These fuselages have my rotary timer built into the nose. They are light, strong, have a carbon tube tailboom, screw adjustable incidence, and have been used to win an incredible number of major competitions. Over 21" length. \$34 **NEW!** Developed for the new Spayed Cat this fuselage incorporates a new launch technique – see the Spayed Cat page \$34

EXTRA TIMER SPRINGS: The springs are the same for all my fuselages and kits.
\$3 for two springs OR \$3 for one spring with DT loop and line attached

PLANS AND INSTRUCTIONS ARE NOT INCLUDED WITH KITS: If you need a plan you must ask for it. \$1 for each catapult plan \$2 for each tip launch plan
\$3 for generic tip launch instructions Basic catapult instructions are free upon request

CATAPULT LAUNCHERS: Not included with kits, they are \$2 each

FUSELAGE TUBES: Carbon, wrapped, tapered. Very nice.

Sizes are approximate.

20" long Tapers from .185 to .120 weighs 3.5g \$7

32" long Tapers from .270 to .186 weighs 7.5g \$11

For orders outside the US the 32" tube will be cut down to 24"
